

MEMORANDUM

To: Mr. RALPH WADSWORTH

Date: November 19, 2001

From: DEPARTMENT OF TRANSPORTATION-District 4
Office of Landscape Architecture

Mr. Wadsworth:

Herein is my personal recommendation for the use of Bob Hill and Associates for any design or construction project involving the sculpting and staining of concrete (shotcrete) retaining walls. I have worked with Bob over the past ten years, and have found his knowledge and expertise in this field to be indispensable. His experience in placing, sculpting, and staining concrete structures, as well as his knowledge of geology, and sensitivity to art combine to produce the aesthetic solutions we seek here in Caltrans District 4. Bob is easy to work with, responsible, resourceful, and continually strives to attain a quality finish product. I highly recommend Bob Hill.

If you have any questions or comments, please call me at (510) 286-5924.

Sincerely,

Chive N. Endress

Senior Landscape Architect
